## **Specifics of Dagur People's Lifestyle and Songs**

This contribution focuses on the Dagur people – a group of the **Mongolic people** who live in the northeastern part of **Inner Mongolia** – and their **traditional songs**. Examining these songs there is a lot to discover about the former **lifestyle, culture** and **religious traditions** of the Dagurs, as well as about their **language** and **script**.

The research is **based** mainly **on** the **fieldwork** data collected in 2016 and 2021 in Huhhot and Hailar (Inner Mongolia) respectively and compared to the earlier sources on Dagur language and folklore (Poppe 1930, Todaeva 1986). Furthermore, the earliest recording of a Dagur song ever done by the Danish traveller H. Haslund-Christensen in the late 1930<sup>th</sup> will be discussed.

Im Mongolei-Colloquium, seit 2013 organisiert von der Mongolistik am IOA, werden aktuelle Forschungsprojekte und Praxisfelder vorgestellt. In diesem Austauschforum kommen Wissenschaftler\*innen, Studierende und die interessierte Öffentlichkeit ins Gespräch.
